

Red Cell® Competition supplement is formulated to support stamina and peak performance during times of intense exercise. It reduces free radicals that cause damage to cells and tissues, and supports recovery by decreasing oxidative stress associated with strenuous activity. Red Cell® Competition supplement combines two strong antioxidants, dehydrated cantaloupe juice and vitamin E, both of which scavenge free radicals. It is designed to be fed throughout training and competition.

FEEDING DIRECTIONS:

Enclosed scoop holds 10 grams. Feed 10 grams of Red Cell® Competition supplement daily by mixing into grain ration.

INGREDIENT STATEMENT:

Dehydrated alfalfa meal, corn oil, dextrose, dl-a-tocopheryl acetate, dehydrated cantaloupe juice, mixed tocopherols (preservative), natural and artificial flavoring.
